March 27, 2025

Dear Valued Welded Tube of Canada Corp. customer,

Welded Tube of Canada Corp. is committed to providing excellence in product quality, service and ultimate value to a diversified customer base that meet environmental regulations, including RoHS Directive (2002/95/EC), RoHS 2 Directive (2011/65/EU), RoHS 3 Directive (2015/863), and RoHS 4 Directive (2017/2102). All tubular products manufactured by Welded Tube are in compliance with the RoHS Directive, which limits the content of the following:

Substance/Substance Group	Threshold
Cadmium/Cadmium Compounds (Cd)	0.01% at homogeneous material level
Lead/Lead Compounds (Pb)	0.1% at homogeneous material level
Hexavalent chromium and Compounds (Cr6+)	0.1% at homogeneous material level
Mercury/Mercury Compounds (Hg)	0.1% at homogeneous material level
Polybrominated biphenyls (PBB)	0.1% at homogeneous material level
Polybrominated diphenyl ethers (PBDE)	0.1% at homogeneous material level
Bis(2-ethylhexyl) phthalate (DEHP)	0.1% at homogeneous material level
Butyl benzyl phthalate (BBP)	0.1% at homogeneous material level
Dibutyl phthalate (DBP)	0.1% at homogeneous material level
Diisobutyl phthalate (DIBP)	0.1% at homogeneous material level

The environmental regulations change constantly. We will try our best to keep you informed of changes that affect Welded Tube products by periodically updating this letter.

If you have any questions or need further clarification, please feel free to contact me.

We thank you for your continued support,

**Jeff Cooper, CRSP, P.ENG**
